Please follow the instructions below to determine your Underutilized Deferrals

**Instructions: Begin with the first year you became eligible to participate in a 457(b) Plan.**

1. In column 1 enter your gross compensation or the amount of your gross compensation multiplied by the percentage listed in each particular box.
2. In column 3, enter the lesser of the amount in column 1 or 2.
3. In column 4, list the actual contribution to the 457(b) plan.
4. In column 5, place the amount contributed to another 457(b), 403(b) or 401(k) for years prior to 2002.
5. For each row used, take the amount in column 3 and subtract columns 4 and 5 to calculate column 6.

Year	1 Gross Compensation	2 457(b) Contribution Limit	3 Lesser of column 1 or 2	4 Actual Contributions to 457(b) Plan, excluding Age 50 Catch-Up contributions	5 Contribution to another 457(b), 403(b) or 401(k) for years prior to 2002	6 Underutilized Amount (column 3 minus columns 4 & 5)
